Enterprise AI adoption and transformation leader with 15+ years leading technology strategy, digital transformation, and consulting programs across cloud infrastructure, enterprise SaaS, and fintech. At SingleStore, chief of staff to the CPO and then the CTO: drove internal Generative AI adoption through a governance and ops program, launched internal AI platforms, and leads tooling and AI enablement across the development stack, including Claude Code. Rescued a failing strategic partner integration to unlock $30M+ in recurring ARR and increased engineering velocity 5x. In financial services, built Ripple's global implementation function, established RippleNet's governance committee with bank C-suite executives, and delivered a $20M+ digital transformation at Wells Fargo. Works directly with executives on strategy and roadmaps. Executive MBA (Cornell and Queen's); PMP.
